---

Salman Khan is ruling Indian hearts for ages. His smile, face, and features are on point. He is the one who introduced the concept of abs in the industry. But have you ever thought how tall Salman is? Well, the answer is; 174 inches or 5.7 ft. there are many tall heroes in the industry who couldn't spell their cast but Salman did, irrespective of his height. Salman has broken all the taboos of height and worked with almost every tall actress namely Kartina, Sushmita, Shilpa, Karishma, and more. His stardom never got down due to his height as his charm is unmatched and he acted finely in various movies.
