

I Forgot My AOL Password

Posted by krprince - 2020/05/27 23:04

In case if you forget your AOL Password, you can try the below-mentioned steps to reset your password in order to get access to your AOL account again:

Go to your browser in order to search and access the 'AOL account Sign-in Page.'

On the Sign-in page, enter your AOL email address or username.

Then, click on the 'I Forget My AOL Password' which is just below the 'Password' field.

After that, on the next page enter the phone number that you had used to sign-up on the AOL account to receive a 'Password Recovery Code.'

Then, click on 'Yes, give me a code to verify' and use that code to reset the AOL password to again login to your account easily.
